Third Republic

Job Location
1178 Broadway, NY 10001, New York, New York, United States

Valid through
April 30, 2020

Description
I am working with a data analytics startup that helps businesses with its award winning creative experience for world's leading brands. My client's company has helped thousands of clients increase their sales by enhancing the user experience at all customer touchpoints. They have saved millions of dollars by ensuring properly synchronized brand messaging.

My client is looking for a candidate who can handle routine Salesforce maintenance work independently. The ideal candidate will have prior experience and be a self-starter. My client offers rewarding career for talented and hardworking individuals.

Responsibilities
• Planning and implementation of solutions in companies Salesforce environment
• Supporting existing environment and developing solutions for multiple business units
• Using Sales Cloud, Marketing Cloud, Billing, Payout, Sales Commission and AppExchange packages
• Auditing and resolving issues with data integrity
• Designing permanent solutions for a clean database

Qualifications
• Over 3 years of Salesforce experience that includes project management/business analysis experience
• Good understanding of Salesforce platform, ecosystem
• Able to interact with business users to understand requirements
• Willingness to learn and adapt quickly
• Knowledge in data management like cleanup, mass create, update, delete using Data Loader or Demand Tools
• Knowledge of SQL or Relational Databases
• Understanding of SOX Controls and Revenue Recognition processes
• Experience with Billing and payout processes, sales commission processes, Ad-tech companies and processes
• Knowledge of Conga and Docusign/ Echosign tools

Benefits
• Attractive remuneration
• Inclusive and friendly work atmosphere
