Description
Would you like to work with one of the most successful educational institutions in Germany? This is your opportunity to work with a reputed university that currently offers Bachelors' and Master's degrees in multiple languages, as well as MBA programs for more than 30 specialties.

You will fit the bill if you are an experienced Salesforce Product Owner and can help them oversee their university's management system for distance learning programs. The role offers flexible working hours with attractive compensations that you just can't afford to miss!

Responsibilities
Your primary responsibility will be to oversee the management system of distance learning programs, which is used by both the students and the administration of the university. Your role will cover the following:
• Develop new proficiencies at every stage of the life cycle of the product, while delivering value through an agile procedure
• Assess the requirements of each feature, collecting detailed requirement shared by the stakeholders, and working with the IT division to translate those requirements into useful information for the development team
• Work closely with the development team to ensure that the features meet desired goals
• Identify all possible requirement errors and work towards identifying a feasible solution
• Propose a solution-oriented way to characterize your style of working
• Develop successful associations with key partners and affiliates of the group

Qualifications
• 3 – 5 years of experience in product/project management or business analyst role
• Experience with Salesforce integrated applications
• Experience with CRM and associated applications' integration
• Adept in all project management phases
• Expertise in working in harmony with other teams
• Experience in working on agile methods / SCRUM

Benefits
• Opportunity to work in a dynamic atmosphere at a leading university

• Work with a group that has maintained over 90% employee satisfaction over the years
• Brilliant career prospects
• Possibility of working internationally
• Opportunity to enroll in the university’s dynamic education programs
• Take home an attractive remuneration of €70k – €80k
• Attractive appraisals with brilliant employee discounts at multiple outlets
• Flexible working hours
