Employment Type

Permanent

Base Salary

£ €70,000 - £ €80,000

Industry

Salesforce

Description

Who is Hiring?

We are currently working with a large German departmental store chain which is redefining shopping experience of customers. They are investing a lot on technology to improve their operational and business process efficiency; so they seek to hire talented and passionate Salesforce Commerce Cloud Developer to join their team in order to help them grow. My client's stores are financially stable and have a proven business model. They offer stable career to employees and a lot of career opportunities.

Key Responsibilities

- Implement new features for company's online platform
- Create specifications, technical design and implement customized software solutions
- Handle most modern on-demand e-commerce platforms such as Salesforce Commerce Cloud, formerly Demandware
- Develop architecture and interface designs to external systems
- Take care of realization of REST interfaces
- Support and advise the product owner as well as the team colleagues on Salesforce Commerce Cloud System

Requirements

- Experience in the e-commerce environment
- Solid practical experience and expertise in Salesforce Commerce Cloud;
- Should be a trained Salesforce Consultant or Developer
- Familiar with SiteGenesis and SFRA
- Work with DemandwareScript, pipelines and ISML templates
- Be a team player
- Prior working experience with UI and UX designers, developers, and analytics team
- Good understanding of agile methods and principles

Why You Should Not Miss This Opportunity

- Attractive salary up to €80,000 p.a
- Excellent work-life balance
