Industry

Salesforce

Description

Who is Hiring?

Fancy working with an award-winning corporation that helps companies all around Europe with the most advanced cloud-based technology solutions? My client's company helps its customers identify the business aspects that the future holds for them, including risks, trends, technology, and more, and then outwit them. That does sound like an exciting role, doesn't it?

I am currently hiring for an experienced Salesforce Administrator for my client who can help them with the various characteristics of Salesforce. This job is custom-built for all those who love to challenge their potential limits and would love to make the world a whole smarter and advanced than ever.

What you'll be doing

- Working in close coordination with Salesforce Partners and Division Heads
- Carrying out evaluation, scope and completion of new development requests
- Managing user support requests
- Maintaining and improving CRM platform along with day-to-day configuration and user support
- Managing the evaluation, scope and completion of new project leads
- Maintaining the database for integrity and accuracy
- Cleansing and duplicating record management
- Auditing the internal systems regularly
- Training new users on key work practices

What you'll bring to the role

- Must have previous experience in Salesforce System Administration
- Working with a positive attitude
- Excellent stakeholder engagement skills
- Ability to meet deadlines
- Strong understanding of Salesforce best practices
- Experience working in a Technical environment
- ADM201 Certification will be an added advantage

Benefits

- Opportunity to work in an exciting work environment
- Learning the key skills with one of the Europe's biggest cloud-based IT solutions company
- Competitive take-home salary of about £45K per annum
- Other rewarding employee benefits and perks
