

Salesforce Architect

Employment Type

Permanent

Base Salary

£ 60,000 - £ 80,000

Industry

Salesforce

Description

Who is Hiring?

I am currently working with one of the leading British Multinational security and consultancy companies that work with some of the largest enterprises around the world. My client's multi-billion pound company is also one of the leaders of the cyber defense industry and currently employs more than 80,000 people in over 40 countries.

They are presently looking for an innovative Salesforce Architect who can support the company's strategic goals and provide leadership guidance and engage IT best practices for safeguarding critical company data.

Key Responsibilities

- Sets a vision for future enterprise architecture for supporting strategic sales, marketing and service goals
- Ensures adherence to best practice guidelines to engage Salesforce solutions designing and development
- Collaborate closely with enterprise architecture head and other senior technology stakeholders
- Provide leadership and guidance to technical and functional team members
- Own the design outputs of Salesforce solutions
- Act as an escalation point within Customer Management systems team for handling technical and design challenges
- Drive technical approach and release plan to deliver work packages
- Work closely with sales leads to influence the CMS roadmap through extensive expertise around Salesforce
- Drive the technology forward and help team exploit the capability of in-house Salesforce platform
- Build trusted associations with suppliers such as Salesforce to stay updated with their roadmaps
- Make the most out of emerging technologies and features

Requirements

- Demonstrated experience as a Salesforce Architect ideally on Enterprise scale projects
- Comfortable leading implementation of Architecture with internal teams and partners
- Experience managing or leading technical teams throughout design and delivery of Salesforce solutions
- Experience of sourcing AppExchange partner solutions to meet solution
