

Salesforce Developer

Employment Type

Permanent

Base Salary

£ €50,000 - £ €80,000

Industry

Salesforce

Description

Third Republic is presently working with a leading vendor of Business Process Management (BPM) software. They have footprints in both Berlin and Silicon Valley. Their innovative business process modeling tool helps businesses grow fast.

My client is currently looking for a bright, young and talented Salesforce Developer who can meet business needs and lend support as needed.

Responsibilities

- Engaging with users for identifying or meeting new business needs
- Ensuring the best possible quality application
- Taking care of management and deployment activities
- Managing integration with other systems
- Testing and debugging
- Building high-performance, reusable, and reliable systems
- Handling Flows, Process Builders, Approval Processes, and Workflow Rules
- Providing support in user support / administration

Qualifications

- Solid experience of working as a Salesforce Developer
 - Hands on experience in Apex, Lightning Components and Visualforce
 - Prior experience in integrating Salesforce with 3rd party applications
 - Hands-on experience in administration setup and security controls
 - Ability to prioritize and meeting deadlines
 - Strong analytical and problem-solving skills
-
- Having a Salesforce certification would be an added advantage

Benefits

- Open, agile and communicative work atmosphere
- Competitive remuneration up to €50,000 – €80,000 p.a.
