

Salesforce Developer

Employment Type

Permanent

Base Salary

£ \$120,000 - £ \$140,000

Industry

Salesforce

Description

I am currently working for a well-known and highly respected American investment firm that is revolutionizing the mortgage loan space with their really innovative home loan products. They have entered into a different trajectory of growth and to sustain their position my client is looking to hire some of the best minds in the industry.

They seek to improve their service delivery by hiring a hardworking, experienced and passionate Salesforce Developer who can work as a part of a brilliant engineering team. If you love to push boundaries everyday, this is the job for you.

Responsibilities

- Working with lead engineer and junior engineers for building Salesforce platform
- Handling lightning community pages, back-end processes, triggers, advanced API integrations
- Handling SF native and external applications, fields creation/update

Qualifications

- Full stack Salesforce developer with at least 2 years of experience in the domain
- Minimum 1 year of experience in Lightning UI environment
- Working Business Analysts and Junior Developers
- Delivering projects under tight timelines
- Hands-on design and architect of custom solutions
- Knowledge of Apex, VisualForce, SOQL, and application integration patterns
- Solid understanding of Salesforce Connect to call external API

Benefits

- Salary up to \$140k p.a.
- Excellent work-life balance
