Salesforce

Description

Who is Hiring?

This is an exciting opportunity for Salesforce Team Lead to join a fast-growing food delivery startup located in the heart of Berlin. My client seeks to build a next-gen online food delivery platform with data at the core of it. They are looking for a creative candidate with the ability to think outside the box and with a hunger for success.

Key Responsibilities

- Guiding developers to develop solutions to achieve the desired outcome
- Maintain architectural best practices and solve concerns pertaining to Salesforce applications
- Offer data and integration solution in e-commerce and Online Delivery business
- Make secure, scalable, reusable, resilient solutions
- Assist in the validation of business cases and monitor progress regularly

Requirements

- Knowledge of Apex
- Proficiency in distributed source control systems (GitHub), continuous integration (CI) and deployment (CD) tools
- Ability to understand requirements, describe software product features, and technical designs
- Should have deep level knowledge in Salesforce Sales, Marketing, Service, Community
- Good knowledge of collaboration of Lightning components
- Keep abreast of the latest best practices
- Knowledge of existing and emerging Salesforce product features
- Knowledge of the best architectural and systems engineering industry trends and practices

Why You Should Not Miss This Opportunity

- International working atmosphere
- Flexible working hours
- Great career opportunities.
- Pension scheme and stability
- Nice work environment
- Full time
